### **DETAILED ACTION**

The Amendments filed on Aug. 24, 2010 has been received and entered.

Currently, Claims 3-4 and 40-41 are pending and examined on the merits.

Claims 1-2, 5-39, 42-50 are canceled.

### ***Response to Arguments***

Applicant's arguments with respect to claims 3-4 and 40-41 have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 3, 4, 40 and 41 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In Claim 3, the "consisting essentially of" phrase in the claims excludes any other active ingredient that would materially affect the basic and novel characteristics of the composition. The "comprising" term in claims 4, 40, and 41 is open ended and can include other active ingredients. Therefore, the limitation of from about 3% would indicate that there are other constituents besides the

Art Unit: 1655

ingredients in Claim 3. The inclusion of a tingling sensate, spilanthol, in Claims 40-41 would be another active ingredient that would not be included in "consisting essentially of" language. Thus, the claims with mixed terms of "consisting essentially of" and "comprising" are not clear.

Please amend as appropriate.

### ***Conclusion***

Claim 3 is free of the arts.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
